Selector 2 - Event Update (3)

Hayling Island Sailing Club are looking forward to welcoming all competitors to the event this weekend.

The club will open at 0800 but people can access the site from 0730. There is no code for the barrier, simply press the call button to speak to the office

We have sectioned an area in the main car park for boat parking which will fit most of the boats in. An area along the causeway has also been sectioned off for boat parking once the main boat park is full.

Please park all vehicles along the causeway and in the over flow car park once the other parking areas are full. The over flow car park must be locked every night. The car park will be locked at 6pm on Saturday evening, any cars left in there after this time will be locked in all night. If you are planning on leaving the club later than 6pm you are advised to move your vehicle from the carpark to another car parking space onsite.

The code for the changing room is 4200#

The official notice board will be online – notices will also be put up in the clubhouse but you should always check the online notice board for more up to date notices
http://www.hisc.co.uk/sailing/open-events/420-selector-event-2/

We will be operating a tally system.   Please come to reception when you arrive to pick up your trolley tags which will have your tally number on. The tally board will be located on the main slipway.   You must collect your tally bands before going afloat and return them as soon as you come ashore.   Pasta is included in the entry fee and will be served from the beach bar straight after racing.   Please collect your pasta as soon as you are ashore.

There will be a competitors briefing at 0915 on Saturday. This will be held in the main bar. It is important you attend the briefing as it will provide you with all of the racing and safety information.

The club is open on the following times for food
