

420 Worlds/Europeans 2021 (Update 1)

27th January 2021

Dear Sailor

This year's 420 Worlds/Europeans are due to take place in Italy in July. We are clearly hoping that the events will take place and the teams will be able to travel (once selected) but this isn't guaranteed because of uncertainty over travel this summer and potential travel challenges due to Brexit. But that doesn't mean we aren't doing anything; the Class is starting to plan for both events, on the basis that they will take place. This means that there are some decisions that are needed quickly by Class so that they can be communicated to you; we will be sending regular updates to you on plans/ arrangements as and when we know them.

Transportation of Boats

Various options are being looked at, given the new requirements following Brexit, for taking boats into Europe. There are lots of learnings from the RYA with the Olympic Team and we are working with them. One option may be to charter boats at the events; this is also an option that is being looked at and will be considered once we have a clearer understanding of what is needed to. More details to follow.

Accommodation Arrangements

Historically the Class has blocked booked accommodation ahead of the teams being selected meaning that the team can stay together with coaches and house parents.

Worlds

The Class will not block book accommodation for the Worlds. However, it is possible for sailors and parents to individually book accommodation that can be cancelled if the event fails to go ahead or travel becomes impossible from the UK. The other option is to wait, take your chances and book when the UK/Italy travel situation is more clear.

To help you we've pulled together the following facts:
